Section 1: General Information about NAHU's Awards Program

Introduction: This leadership guide contains information and tools for members and chapter leaders to get recognition for excellence and to improve performance and service to your membership. Awards should be used not for the end result but as a guide to take your chapter to the next level. Winning chapters experience chapter growth, improved member satisfaction and great personal achievement.

Purpose Statement: The purpose of NAHU's Awards Committee is to encourage chapters and members to strive for outstanding achievement and to recognize exceptional chapters and individual members for excelling in education, advocacy and professionalism.

Strategic Planning: Chapter leaders can use the Landmark, Pacesetter, and Legislative awards criteria to help identify and set the chapter's strategic goals and objectives. Incorporating award criteria into the short and long-term goals and objectives will provide leadership. Proven action plans will strengthen the organization. Strategic planning worksheets are available in the online Awards Toolbox.

Position descriptions are available for Regional Awards Chairs as well as National Awards Chair & Vice Chair.

Promoting NAHU Award Programs: An Awards Chair's first responsibility is to engage your chapter leadership and to participate and assist in the strategic planning process. Another part of the Awards Chair's job is to encourage your chapter leadership to recognize key member volunteers with a local awards program. A couple of examples of a local award might be top new member recruiter or volunteer of the year. NAHU depends on the Awards Chair to become informed, to educate their chapter leaders and individual members about various awards and the benefits of the program, and to identify qualified candidates.

SUGGESTED TIMELINE TO ORGANIZE & COMPILE YOUR AWARD SUBMISSION

The deadline to submit most award nominations to NAHU is April 5. Be sure to select a method of shipping that guarantees delivery by the April 5 deadline. The Awards Committee will not consider applications received after the deadline date.

To do an effective job in organizing and preparing an award submission, you will need to plan ahead. Below is a suggested timeline that can be adapted to your specific needs.

Twelve Months prior to the deadline

Engage your chapter's executive team in the awards process. Make sure that the membership chair is providing you information with regards to membership, and the legislative chair is keeping documentation on their committee's activity. It is your job to provide a process to collect, organize and submit the information.

Three to four months prior to the deadline

Review with your board what items have been completed and make recommendations on areas that need more focus in the next few months. Remind members to forward any and all emails to you that may document events or meetings held that can be used for documentation.

Two months prior to the deadline

Begin organizing the data you have accumulated to determine what documentation is missing and needs follow-up. Begin organizing your nomination materials by setting up a notebook with dividers, typing outline summaries and contacting members for missing information.

One month prior to the deadline

Organize the award submission in final form, tabulate points earned and attach the supporting documentation behind each section. Contact outside sources for any information required to complete the award criteria form. Make sure you highlight the area in the documentation that specifically addresses the criteria in that section. Each page should be visible and should not be stacked behind the next. The easier you make it is to find the information, the easier it is for the awards committee to judge your submission.

One to two weeks prior to the deadline

Have the chapter president review the award criteria form to ensure all information has been included and make any necessary changes. Remember to have the chapter president sign the award submissions.

Two to three days prior to deadline

Prepare the award submission to be shipped to NAHU. **Keep a copy of everything for your records and use a method of shipping that guarantees delivery by the required date.** Ship the application(s) to NAHU Awards Committee, NAHU, 2000 North 14th St., Ste. 450, Arlington VA 22201.

HOW TO BEGIN?

At the beginning of your year as Awards Chair:

- Download and print all NAHU awards to familiarize yourself with the criteria of each award. You can find the award criteria on the NAHU website <http://www.nahu.org/members/awards.cfm>.
- Assemble your empty submission booklets now. Print table(s) of contents, tab dividers and section heading pages with the items needed for each section, and organize your booklets that you will submit later. Use these award submission books as your guide and holder for the items that you will be collecting during the year.
- Meet with your chapter president to coordinate awards in strategic planning and/or leadership sessions.
- Plan to attend all board meetings and events for your chapter all year.
- Collect multiple copies of all meeting agendas, minutes, notices, flyers, registration forms; state approved continuing education certificates, all copies of newsletters, copies of media releases, etc.
- Review the state/local awards chair position description.
- Contact your regional awards chair to get acquainted and ask any questions.
- Complete and sign the commitment form. (See appendix section of this Leadership Guide.)

As awards chair, it is important that you are organized, detailed, active and involved in your association activities during the year. This participation will guarantee that you are attuned to the chapter's accomplishments and will help you compile the required documentation of the year's activity, increasing your chance of being one of NAHU's **TOP ASSOCIATION CHAPTERS OF THE YEAR!**

COMMONLY ASKED QUESTIONS & ANSWERS?

How are the awards judged? How does the process work?

Generally speaking, awards judging weekend takes place near the third weekend in April. The awards committee consists of your regional awards representatives, the NAHU awards chair and vice chair. In addition, the NAHU Secretary serves as the Board of Trustees liaison and the NAHU Vice President of Chapter Relations as staff liaison to round out the judging team. You may have heard that Awards Judging weekend is intense and it is intense fun!! It is a very long three and half days.

The committee is divided into teams of two. Each award submission is reviewed by at least two teams. Each team completes the entire review process separate from each other. No one is allowed to judge a submission from their home state, nor are they allowed to provide clarification or comment if questions arise. If a team has a question on documentation and how it applies to a criterion it is brought to the entire group for discussion and resolution. (Except a judge from the state submission in question; in which case they are excluded from the discussion or from making comment). If more than one viewpoint is expressed, a vote is taken. Each team signs off on the application and completes a feedback sheet.

The Awards Committee tried to give as many points as possible. We will give more points in areas that we can, even if they are not claimed on the application. For example, if you took 10 points for a regular meeting but would have gotten 50 points for a leg meeting (assuming it qualified), then the leg meeting points are given instead.

What are the most common reasons points are disallowed on an awards application?

- **Lack of Documentation** Often, points are taken where documentation is required, but appropriate documents are not included. The Awards Leadership Guide will answer most of your questions in this area, since it has been updated to include commentary on every criterion. Please note that board minutes can be used many times throughout your submission as documentation.
- **Documented events, programs, and/or items do not meet the criteria** Sometimes documentation was received but did not meet the criteria. For example, sending 4 copies of newsletters but taking points for monthly newsletters. We would give credit for a quarterly newsletter in this example.
- **Press Hits** The AHU chapter or NAHU must be mentioned in published articles to count.
- **Double dipping - counting 1 meeting more than 1 section** An example would be a legislative meeting and then taking points again for the same meeting under regular membership meeting. We would allow the highest points, not both.
- **Confusing Leadership Training with Strategic Planning** Leadership training is when you train your new board members on what their duties will be; explain what NAHU stands for, etc. Strategic Planning is when the chapter sets its sets long and short-term goals, budget amounts, etc.
- **Not knowing the difference between the media pieces** There is still a lot of confusion in this area. Please check the media section of the NAHU website for clarification of what is what. The new Awards Leadership Guide has been expanded in this area and will give you guidance.

- **Documentation is outside of the required timeframe or not dated at all** Some criteria must be met the time period 1/1 through 12/31 regardless the awards year is 4/1 through 3/31. The documentation must clearly state that criterion was met within the required timeframe.
- **Information submitted does not match NAHU's official records** The NAHU website has criteria lists that will help in this area. For example, you can print off HUPAC information, delegates to the convention, etc. You can also view who is listed as Chairs in your chapter to make sure the right people attend the right meetings to get the points. The various lists are shown in the Rules and Submission Guidelines section of this Leadership Guide.
- **Chapter sponsoring the event and submitting chapter are not the same** A local chapter cannot take credit for a state chapter's event. If you are taking points for your chapter for any sponsored or co-sponsored event, the documentation provided (e.g. copy of announcement, program and/or agenda) must mention your chapter name as a sponsor.
- **Website Award** Links do not work or information is not on Title/Home page as required.
- **Taking credit for more events then providing documentation for** Documentation is provided for eight membership meetings but points were taken for 12 meeting. Points will be reduced based on the number of documented meetings. To meet the monthly meetings criteria 12 meetings must be documented.

If we could do one thing to improve our chances of not losing points, what would it be?

Once you're done assembling your binder, have someone else (a spouse or a friend) go over it with the application in hand and see if they can find everything and it's clear. Remember that when the committee is judging your submission, they don't have any idea who John Smith is, or what your chapter has accomplished. Be sure verification letters, etc. mention your chapter specifically. If an outsider can understand it, we will be able to as well.

Many of the awards have 50 bonus points for organization. What would cause us not to get all of those points?

Most submissions are well organized and receive maximum points. It is unusual for a submission not to receive any bonus points. The most common reasons for disallowing all or part of them is when we have to search for information in other sections, or if the binder is falling apart/in bad shape. Using good quality binders that are big enough is essential.

What kinds of points are based on NAHU's records? Do I need to document these items?

Growth in membership, HUPAC contributors, LPRT members, officer information and these kinds of items are verified prior to the weekend by NAHU. Once verified, we don't review them again. By providing NAHU documentation, your submission is complete your submission, but it has no effect on the score. Remember too, if a specific person must fulfill a requirement (for instance, Leg Chair attending Cap Conference), the person officially reflected in NAHU records as holding that position must attend. Anyone else will not count.

If points are given for a specific person attending an event, for example the President-Elect attending the Leadership Training prior to Capitol Conference, can an alternate be sent if that person can't make it?

No, substitutions are not permitted, there is a reason a specific officer is named and that person must be the one to fill the criteria.

Strategic Planning Spreadsheets:

Strategic planning spreadsheets are available for the *Landmark, Pacesetter, and Legislative* chapter awards. On an individual award basis, the *Presidential Citation* award strategic planning spreadsheet is also available. The tool lays out all of the judging criteria and who in the committee's best judgment maybe your best resource for information and documentation. For example in the Landmark Award chapter there are a number of chapter management criteria, the spreadsheet suggests that the chapter president is the likely person to help with this criterion. <http://www.nahu.org/members/award-toolbox.cfm>

Section 4. The Application Process

RULES AND SUBMISSION GUIDELINES

1. Each award submission must be sent in a separate binder, notebook or folder. If you are applying for more than one award, please make sure each award submission is in a separate binder to facilitate the judging process. Awards in binders containing multiple awards will be disqualified.
2. Do not send videotapes, cassettes, floppies or CDs for the committee to review. The Awards Committee will review paper documentation only.
3. No supporting documentation is required with Local and State Website award applications.
4. Where required, copies of letters, faxes, e-mails, citations, newspaper articles, and board reports/minutes may serve as documentation. When submitting e-mails, clarify who the author is and their title or position if not apparent in the e-mail.
5. Your submission must include the NAHU original application form/score sheet with completed point scoring, where applicable. Rekeyed or retyped applications will be disqualified. Packets received without application forms/score sheets will not be considered.
6. The decision of the Awards Committee is final.
7. (*) indicates documentation must be submitted for this criteria. No points are awarded without documentation, except as noted. Where noted, satisfaction of criteria will be verified by NAHU.
8. Please arrange documentation by Criteria Number. Each page should be labeled with the criteria number it applies to.
9. Documentation should be specific to the criteria.
10. If pictures are included in your submission, include an explanation and individual names and title of those in the picture in a caption below the picture.
11. Make sure to include adequate explanations, where appropriate. Keep in mind the Awards Committee does not know the individual members or important regulatory and legislative persons in your state or local area.
12. If you would like your award submission returned following the annual convention, please enclose a check in the amount of \$10, payable to NAHU, in your packet. If your chapter has submitted more than one award application, the \$10 fee applies to the return of up to three applications to a single address. There is a \$2 fee per additional application. (i.e. 5 applications to the same address will cost \$14.) Unclaimed submissions become the property of NAHU and will be destroyed.
13. Bonus points are awarded by the NAHU Awards Committee upon review of the award application, based on organization of documentation, composition, design and appearance of the submission. The Awards Committee is looking for 1) an organized format, which includes material set up in a binder, divided into sections with tabs, documentation that is clearly labeled and highlighted where appropriate; and 2) complete and concise documentation that follows a Table of Contents., etc.

Bonus points can make a difference in who the winner is. This should provide an incentive to you to do an effective job to increase your chapter's chance of winning. If Board minutes or other lengthy criteria are being submitted as documentation, please highlight the information that is to be reviewed. An excellent submission would be highly organized, neat in appearance, creatively designed, with complete documentation, including pictures and highlights of the year. A good submission will be very organized, neat and easy to follow. A fair submission would include all the information, but not documented or organized in a manner that would be easy to follow.

14. Make sure your award application and documentation is in a binder that is big enough and strong enough to hold the contents and survive its trip through the postal service. Easily turned pages help earn bonus points. A binder that falls apart or is difficult to work with (i.e. pages catch when trying to turn) can take your submission from excellent to poor in a heartbeat!
15. Please make a copy of everything you submit for your own records.
16. No points are awarded in a category that does not have adequate supporting documentation.
17. Award nominations may be submitted by an individual member or chapter. Candidates for legislative awards may be nominated by an individual member, chapter or the Legislative Council.
18. When no applications are received for a particular award, or award category, the award will not be given in that year.
19. When there is not an award submission deserving of any particular award, the Awards Committee may determine that particular award will not be given in that year.
20. The deadline for receipt of the application and all supporting documentation, regardless of delivery method, at NAHU is April 5. Be sure to select a method of shipping that guarantees delivery by the April 5 deadline. The Awards Committee will not consider applications received after the deadline date.
21. NAHU provided "criteria lists" are posted on the NAHU website to be used as documentation for award applications. The majority of these lists are available mid-February and include:
 - Credentialed delegates at National Convention
 - National Convention Attendees
 - Capitol Conference Attendees
 - Regional Meeting Attendees
 - Leadership Program Attendees
 - HUPAC Contributors
 - Professional Designation Lists
 - LPRT Qualifiers
 - Triple Crown Award Recipients
 - NAHU Topic Specific Webcast Attendees: Legislative, Media

Questions on these lists may be directed to NAHU's Vice President of Chapter Relations.

GATHERING AND ORGANIZING INFORMATION

This section will help you to gather and organize information in a logical manner so that the Awards Committee can easily determine if you have accomplished what is listed in your application.

1. Download and print two copies of the nomination form and score-sheet. Use one copy to keep a record of the items you have collected. Use the 2nd copy for your completed score-sheet that you will include with your submission.
2. Prepare a title page.
3. Place the nomination form and completed score-sheet listing all points you determine the chapter has earned in the front. DO NOT retype the scoring sheet, it must be the original sheet downloaded from the website. **If the scoring sheet is retyped the application will be disqualified.** Review your documentation to determine what your chapter has accomplished. Review the board meeting reports and consult with committee chairpersons. Some items can be verified by NAHU, but you must still include the documentation.
4. Set up a table of contents to organize your documentation using the same headings listed on the main sections of the award criteria form. For example: I. NAHU Events, II. Meetings/Events, III. Communications, etc.
5. Set up the main sections in your notebook as listed in the table of contents. You can use a colored sheet of paper to separate each section; this helps to visually delineate the items.
6. At the beginning of each section, prepare a summary of all the items listed under the main section. This is most effective if set up in a “bullet-point” format.
7. Finally, attach back-up documentation behind the summary page in each tabbed section showing what your chapter has accomplished. Mark each page of documentation with a note in the margin what the documentation references (e.g., Section IV, Number 2). Highlight the information if it is imbedded in a page with other items. Do not place one item in a section and refer to the documentation in another section, it is preferable to make copies of the page and place in the appropriate sections.
8. Each page of documentation should be numbered to correspond with the section it refers to. Example: Section I, Number 5. Submission should be organized so that documentation for each point should be provided in the appropriate section. If the documentation is not located in the appropriate section and is too difficult to find, the points may not be given. For items that there is maximum points set, the points are listed.

THE KEY POINT TO REMEMBER IS TO MAKE YOUR SUBMISSION EASY FOR THE AWARDS COMMITTEE TO REVIEW AND DETERMINE THAT YOU HAVE PROVIDED BACK-UP DOCUMENTATION FOR ALL POINTS TAKEN.

THE MEDIA PIECES:

Specific descriptions of the various media pieces, as supplied by NAHU Media Relations staff, follow:

Press Release - Announcing the News

Used to release a statement, comment on legislative issues, summarize an event

The press release is the most commonly used public relations tool to announce news to the media. The most effective release conveys legitimate news – information previously unknown. It works best to relay such things as key developments within the industry; policy or legislative initiatives at the local, state or federal level; or recent news occurring in your state or local chapter (“Day on the Hill” meetings with governors or legislators, awards, charitable activities, member achievements and professional achievements).

The “Media Advisory” – Announcing an Event or Reacting to News

The media advisory is an effective communications vehicle for advising the media about an upcoming event or announcing that a member has been asked to testify and is available for interviews on the subject matter. The format of the media advisory is more defined in terms of who...what...when...where.

Editorial Page Options

There are three basic vehicles for expressing an opinion in the newspaper:

- An “**editorial**” prepared by the newspaper editorial staff that communicates the official position of the publication on an issue
- A “**letter to the editor**” is a means available for all citizens in the community to respond or react to a news article or editorial that has appeared in their local newspaper
- An “**op-ed**” or opinion piece that is written and submitted by someone not on the newspaper’s editorial staff. The placement of some “op-ed’s” is paid for and considered somewhat as an editorial advertisement. While very expensive, these placed editorials can be effective if the content is issue-oriented rather than commercial. The more common and credible op-ed, however, is one the newspaper decides to publish on its own merits that has been written and submitted by a member of the community or an expert in a particular field related to the issue.

WHEN AND HOW TO USE THE TOOLS

Press Release: Announces “NEWS”

- Include contact information and date of release
- Include an eye-catching ‘headline’ that captures the “essence” of the news
- Describe the “core” news message in first paragraph (who, what, when, where, why)
- Expand the news story in following paragraphs
- Include a quote from a recognized spokesperson in the organization
- Close with a “boilerplate” paragraph about the organization announcing the news
- Limit to 1 or 1-1/2 pages

Media Advisory: Announces an upcoming “NEWS EVENT” or offers a resource person to address a current “HOT ISSUE”

- Include an eye-catching “headline”
- Distribute several days in advance of the news event
- Use a “What, When, Where, Why” format
- Bullet the main points
- Provide contact information and date

Letter to the Editor: Responds to an article or editorial that has appeared in a publication

- Make certain it relates directly to the topic
- Include name of article, date and page for reference
- Be concise and brief
- Share your unique perspective
- Give examples
- Close with your name, title and affiliation
- Advance Chapter approval required, if identified

Photograph:

- Attach a “cut-line” to the photo that identifies the person(s) in the photo and describes what is pictured
- Include with appropriate news announcements (promotion, awards, partnerships)
- Ask the reporter how they want the photo sent to them

Op-Ed: An “OPINION PIECE” submitted by an individual or on behalf of an organization to a publication.

- Placement can be paid for or a publication may decide to publish on its own.
- Needs to be linked to a topical issue of interest
- Offers a unique perspective
- Is brief (usually 300-600 words).
- Includes name of author and affiliation.

Bylined Article: A lengthier article (Primarily used in trade publications) authored by an organization’s staff or member on a topical issue

- Offer to write an article for the publication
- Do not prepare an article without discussing it with the editor

Sample formats of the referenced media pieces can be found on the NAHU website. An additional resource to assist in applying for this award is the PowerPoint presentation “Understanding the Media Relations Award Criteria” available on NAHU’s website in the **Media & Communications** section under **Media Relations Tools**; <http://www.nahu.org/media/tools.cfm>

Select a single public service project to highlight in your submission to the Awards Committee. This would be a project that requires physical participation by the membership vs. a project where the goal is a money donation to a particular organization.

Please include a brief narrative (no more than one page) about your project, including a description of the project, the benefactor of your project, the type of community service, your association's goals and objectives, and the final outcome of the project. **BRAG A LITTLE!!** Pictures will help to convey your story, but be sure to include captions for the pictures (include the date(s), identify the people in the picture, location and/or what the picture is documenting).

Criteria:

1. **Did a Public Service Committee plan this project?** Documentation could be a record of the committee's work including: a list of committee members, minutes of the meetings, agenda's details of the work completed and who participated, as well as committee reports to Board of Directors.
2. **Were chapter members surveyed for new project ideas or an evaluation of past project made to obtain feedback and additional suggestions?** Surveys encourage input from the general membership as to the type of Public Service projects the membership would support and also encourages the participation of the membership in the project(s). An evaluation form included as part of the survey on past projects would also be valuable to the Public Service Chair on what did or did not work in the past. Provide a copy of your Public Service survey, feedback form, a summary of the survey results, etc. Other documentation could be board minutes, Public Service committee reports, notices to the membership (newsletters, etc).
3. **How were chapter members and/or public notified?** Provide copies of all announcements made to the membership. Include copies of chapter newsletter, monthly meeting announcements, website page, new member orientation program and/or handouts, save the date cards and/or invitations mailed, invitation mailed to the organization being spotlighted by the project, press releases or press hits, newspaper announcement or articles that points are being taken for. Make sure you indicate what the date each announcement was made and how it was circulated.
4. **How long did your committee work on this project?** Document dates by submitting agendas, board meeting minutes, committee reports, strategic planning meeting minutes, e-mails, etc.
5. **How the project was conducted.** Document whether the project is an independent chapter project or a joint project by submitting board meeting minutes, committee reports, agendas, emails, etc.
6. **Number of Association members participating in project.** Documentation of member participation in your project could include a list of committee members, attendance list identifying the names of members at or working the event, a list of contributing members, summary of survey indicating number of responses received, etc.

7. **List other public service projects your chapter has participating in during this award year.** This section is for additional projects that are primarily monetary donations made to community service/charitable organizations. Documentation for each additional project must be submitted. Documentation could include board minutes, committee reports, announcements made to membership (meeting agendas, newsletters, email flyers), etc. Appropriate documentation of monetary amounts would include thank you letters from the beneficiary organization listing the monetary amount, signed letter of transmittal from the chapter president stating the amount, treasurer reports, copies of checks and newsletter articles, etc.
8. **Total amount of money actually contributed to beneficiary organizations from ALL public service projects (net).** Documentation could include treasurer reports, project financial reports, promotional ceremony agendas, media coverage, newsletter articles, canceled checks, thank you letters from the organization(s), chapter letters of transmittal, etc.
9. **Did the project get any media coverage?** Documentation could include press releases, press hits, newspaper and newsletter articles, promotional activity via mail, emails, websites, etc.

ADDITIONAL NOTES:

- It is suggested that winning chapters have at least ONE major Public Service project that includes the physical participation of the members and TWO minor projects that focus mainly on monetary contributions to community service / charitable organizations.

SPIRIT OF FREEDOM LEGISLATIVE AWARD

Criteria & Documentation Suggestions

This award is based on activity at the **state and federal** level. This high honor is bestowed on an individual who has a record of outstanding service in state and federal legislative work over an extended period of time. Qualifying activities are those that build relationships with legislators that directly impact public policy; actively taking the NAHU message to key media outlets; and developing strong grassroots initiatives. Candidates may be nominated by an individual member, chapter or by the Legislative Council.

To nominate your candidate, submit a detailed narrative (2,000 word limit), outlining your candidate's accomplishments. Provide documentation to support statements made in the narrative. Summarize any large amount of documentation. Please do not submit an entire law that may have been written with support or efforts of a nominated individual.

#1 Eligibility. Anyone who has been an individual NAHU member for two or more years and meets the criteria for this award is eligible. However, since this award is intended for outstanding service over an extended period of time, this will be awarded to a member only once in a lifetime. Paid lobbyists are not eligible. Verified by NAHU.

#2 Criteria: To be considered for this award, the individual member must have:

- participated in committees or working groups involving federal legislation;
- made repeated presentations to groups on federal legislative issues;
- actively participated in NAHU Capitol Conferences;

The presentation must be made to insurance industry and/or community organizations and must be sponsored or recommended by their local or state association. Each appropriately documented presentation is worth 10 points.

Documentation may be difficult without the assistance of the presenter. They may need to help collect the documentation necessary to meet the criteria.

Criteria:

1. Multiple presentations of the same topic are allowed but there must be three separate topics in the total. A minimum of five presentations are required.
2. When presentations are made to non-AHU members, AHU must be mentioned in the presenter's credentials.

PRESIDENTIAL CITATION AWARD

Criteria & Documentation Suggestions

The president and board members should select which criteria will be satisfied at the beginning of the association year. The selected criteria should be incorporated as goals or objectives in the chapter's strategic plan for the new association year. Nine of the 17 criteria need to be met, but to increase the chapter's odds of receiving this award it is highly recommended that more than nine criteria be satisfied.

To prepare the nomination, indicate which criteria your association met in the qualifying period and list them in a table of contents. Create sections (using tabbed dividers) in your submission binder for each numbered criteria. Behind each tabbed section, provide documentation based on the requirements listed below for those criteria (For example, the first tab would be labeled: Criteria #1 – Membership Increase).

Item #1 – Membership Increase: Will be verified by NAHU.

Item #2 – Speakers Bureau: Submit a list of Speakers and their topics, along with letters to different organizations requesting the opportunity to speak. The letters should be on Chapter Letterhead.

Item #3 – Healthcare Legislative Presentations: Documentation should be provided for all 20+ presentations. Documentation can include minutes, newsletter articles, board reports, or an agenda from the day's event. If done as a CE, documentation can also include a CE Certificate. Documentation should also be included that the presenter(s) are members of your chapter.

Item #4 – “Day with Congressional Leaders”: The Day with Congressional Leaders must be with legislators, not insurance regulators. Submitted event must be an event sponsored, organized, and held by your own chapter. The event cannot be one sponsored by another chapter even if your members helped to organize the event; or one that is held in your city, but sponsored by another chapter. For instance, a state event cannot be submitted by a local chapter just because it was held in the local chapter's city, nor because local chapter members helped with the function. Also, a state association cannot submit an event sponsored by a local chapter just because state representatives attended the event and state officers helped with the function. Submit a copy of the announcement showing it is your chapter-sponsored event, along with documentation that the event actually occurred. Documentation can include minutes, newsletter articles, board reports, or an agenda from the day's event.

Item #5 – Meeting with Domiciled Insurance Companies: Provide documentation that the event was chapter sponsored, supported or participated in by your chapter, along with a list of attendees and their chapter/company affiliation, and documentation that the event occurred. Documentation can include minutes, newsletter articles, board reports, or dated thank you letters from the insurance company attendees.

Item #6 – Media Campaign: Must show documentation of campaign. Documentation should include letters or emails sent to media contacts, requesting the opportunity to discuss healthcare issues or to take part in radio talk show on health issues.

Item #7 – Media Relations Committee: Submitted press releases must be chapter designed and sponsored. Documentation for the 20+ press releases should include the name of the media contact to which the press releases were sent. The same press release to different media contacts only counts as one press release. Documentation for forming a Media Relations Committee can include minutes or board reports.

Item #8 – Meet with State Legislators: Documentation can include items such as newsletter article, minutes, board reports or a follow-up letter from the legislator. Letters must mention AHU.

- Item #9 – Meet with State Insurance Commissioner:** Documentation can include items such as newsletter article, minutes, board reports, dated follow-up letters from the regulator, emails or any item that confirms your visit. Letters must mention AHU.
- Item #10 – Continuing Education Program or Fundraiser:** The Continuing Education program **must** be a NAHU generated presentation. Eligible programs can be found in the education section of NAHU's web site (www.nahu.org) at <http://www.nahu.org/education/conteducation.cfm>. Presentations generated from your local or state association will not count. Submit a copy of the announcement showing it is a chapter event, along with documentation that the presentation actually occurred, and non-members were invited or attended. Documentation can include minutes, newsletter articles, board reports, sign in sheets, CE Certificate, and/or an agenda from the day's event.
- Item #11 – Public Service Project:** Include copies of the minutes, newsletters, e-mails or flyer announcements explaining the Public Service Project. Submit a copy of the announcement showing it is a chapter-sponsored event, along with documentation that the event actually occurred. Documentation can include minutes, newsletter articles or board reports.
- Item #12 – Association Social Event:** Submit a copy of the announcement or invitation, showing it is a chapter-sponsored event, along with documentation that the event actually occurred, and non-members were invited. Documentation can include minutes, newsletter articles, or board reports.
- Item #13 – Members Contact with Legislators:** Documentation should be REQUESTS FOR MEMBERS to contact state and/or national legislators not the actual postcard, e-mail or letter that the members send. All four requests must be documented. Provide a copy of the requests on luncheon agendas, chapter letterhead, or chapter sponsored fax or emails.
- Item #14 – Members Contact with Carriers:** Documentation should be REQUESTS FOR MEMBERS to contact carriers for support, not the actual letter, email or postcard that the members send. All three requests must be documented. Provide a copy of the requests on luncheon agendas or other dated material from chapter meeting.
- Item #15 – Recruitment & Retention Ideas:** The membership gain report from the NAHU website will not be accepted as proof. Celebrate your success by:

- Displaying the award banner at monthly membership meetings and events.
- Including an announcement in the chapter newsletter and post the news on its website.
- Sending a special broadcast fax or e-mail bulletin to the membership.
- Having an award recognition ceremony in conjunction with the regularly scheduled meeting or as a separate planned event.
- Issue a press release to various media contacts.
