

# VIEWPOINT

VOLUME 1, ISSUE 8      JUNE ISSUE

## THE PRESIDENT'S MESSAGE

**A**s of July 1<sup>st</sup>, my life will change, but with a positive note. Becoming IAHU President is an honor for me; a position I take seriously. When I attended my first Regional Conference in Coeur d'Alene in 2005, the lights and bells went off. I decided at that point I wanted to become more involved in NAHU and I made a commitment to myself to do so. So the quiet church mouse from Coeur d'Alene became involved on the state level and here I am. I need to say thank you to four individuals who have been supportive influences for me; Scott Leavitt, Ryan Thorn, Anne Sperling, and

Linda LaMott. Thank you for helping me grow as a person.

One of my hot buttons I wish to accomplish in my Presidency is to get more members motivated to attend a Regional, National, or Capitol Conference. These conference's open a members eye's to just how big NAHU really is, and what this organization does for its members. This is where future leaders of the organization are born. We need new blood to become involved on both the local and state level. This is why you often see the same old people on the boards year after year because we don't have members "stepping up" to become leaders.

One of the cliché's I often hear is "I don't have time to be involved". Well people, if we don't keep this organization strong and keep our influence up on National and State level, we may

have more time on our hands then we want.---Just a thought!!

Members please, become more involved on your local or state boards. Ask a board member if they need any help or offer your time as a co-chair to learn the ropes. Attend a conference and truly give yourself a chance to learn what NAHU is doing for us.

Thank you again for your support, and please always feel free to contact me if I can help.

*Dana Drake*

IAHU President

## SPONSORSHIPS

**M**embers! If you or your company/organization would like to be involved with the Idaho Association of Health Underwriters throughout the year as a sponsor let us know. We have many new exciting sponsorships that help us operate each year. Please contact the people listed below to get the 2009-2010 Sponsorship package. You can see the packages on page 3!

## LEGISLATIVE UPDATE (BY TOM SHORES)

**A**s you know there is a lot going on in Washington, DC. Let me give you a quick update and what we need to be doing:

1. Bills are coming from every direction. Some with single payer-government public plans, basic coverage plans with some form of buy option available, regional plans and many more; we as health underwriters know that something WILL come out of the discussion. The talk is that the congress wants a bill passed by the August recess. That may be optimistic but even here the senate has passed a reconciliation provision that if a health care bill is not passed by October, I think, then the bill will go through the reconciliation process which only takes 51 votes. There are some limitations but we don't want a plan that we can not amended.

2. In July NAHU is putting together with a number of other organizations, to fly back to DC to lobby certain representatives and senators who are key members of committees. Senator Crapo and Representative Minnick are on the list to visit. We are looking for a couple of people from Idaho to go back. If you have an interest please email me at [tomshores@clearwire.net](mailto:tomshores@clearwire.net).

3. NAHU is pushing for whatever comes out of con-

gress to be plan that keeps the agent in the process. We are not sure what that will look like but we need to help our representatives.

4. Write your stories about how you have helped one of your clients with health insur-

ance. It can be group, Access to Health Insurance with the State of Idaho, getting some on Medicaid, helping with Medicare, or any other story that you can think of. It would be great if you can get the client to write the story and then email, mail or fax it to NAHU. They are putting together a book, it already has thousands. We need ten times that number!

If there was ever a time when we need to get every agent in the state working with us. if you know someone who is not a NAHU member, try to get them to sign up. If they do not want to join, get their client stories. Once you get them send them to NAHU. Hopefully this will motivate them to join.

The next few months will be very critical, respond to every email from NAHU. If you are not getting emails from them, call them to make sure they have your email. If you have a chance to talk to Crapo, Risch, Simpson or Minnick, ask them to continue to support a private system where the agent helps the client understand their options and helps them choose what is best for the client. We can't do that if we don't get paid for our services. Let me know if you have any ideas that we can use to help the cause.

Tom Shores  
([tomshores@clearwire.net](mailto:tomshores@clearwire.net))

*A note from the Editor:* If you would like to learn more about working with the legislature please contact Tom Shores. He is looking for YOUR help! Remember together we have a more powerful voice.

## THE PAST YEAR BY SCOTT LEAVITT

This past year has been a very crucial and busy year for NAHU!

Since we held our convention last June in San Diego, we have seen a lot of changes in our industry and in our Country. I have had the opportunity to travel been all over the country spreading our message to our members and NAHU's chapters. My travels have allowed me to meet many of our engaged members and see all of the great work that is being done.

We have had a new President take office, we have seen our Economy take a historic down turn and we have seen the focus of Health Care Reform become more important than ever before. The membership has responded more than ever before to the Legislative call of action, to our Triple Crown Challenge, our Media outreach. We had a record number of members attend our Capital conference in DC this past as we took our message to Lawmakers on Capitol Hill. More people have seen and heard our message more than ever before. We have had over a 400% increase in our Operations Shouts to Capitol Hill this year. We have had a 300% increase in our Media exposure this past year with our "Find an Agent" feature being seen in the all forms of media 400% more than the previous year. NAHU's staff and our members have been quoted in all

major newspapers & magazines, radio shows, television stations and even in top selling books.

As in years past NAHU's legislative advocacy has increased and continues to be one of our areas of strength. Janet Trautwein and the rest of our Government affairs department have been working very hard in Washington to pro-

mote our Healthy Access and Keep it Private message on a daily basis. Our grassroots efforts are second to none, the influence our members have in their states and with their members of Congress has been tremendous. We have also had tremendous increases in the way we communicate with our members. Our members now wake up to the NAHU Newswire in their email box, receive weekly Washington Updates each Friday, I have hosted 4 legislative town hall webinars and we continue to receive our top "Health Insurance Underwriter" magazine. We are even using technology more to communicate with

Facebook, LinkedIn, Twitter and our members can communicate with each other on B2B.

Our strength has always been our members and our staff. All 20,000 of us have worked harder than we have before in "Educating America" about our message: ***Every American will have access to private sector solutions for health, financial and retirement security and the services of insurance professionals.***

I have been very humbled and honored to serve as your president. The role of NAHU and it's members has never been important than it is today.

Thank you for all of your efforts and for allowing me the privilege to serve you!

Scott Leavitt

NAHU President 2008-09
